REASONS WHY YOU NEED A NEW PRINTING COMPANY

1 SPEED

You're busy, and facing critical deadlines. An inflexible printer isn't helpful. The staff at Phase 3 Graphics are committed to coming in early, staying late, and meeting deadlines.

We hustle, completing 88% of jobs in 3 days or less, sometimes even in hours!

2 DELIVERY OPTIONS

Stuck in the office? Trying to avoid traffic? You need a printer that can offer multiple seamless delivery options.

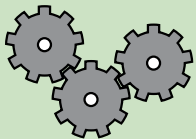

Phase 3 Graphics has many options for getting completed projects to you, including UPS, FedEx, USPS and our large capacity delivery van.

4 CAPABILITY

Does your printer have the infrastructure it takes to complete your projects in-house? If they cannot help you with design, mailing, oversized printing, signs, and a full bindery they may not be a good fit for your needs.

PHASE 3 GRAPHICS' CAPABILITIES

4 offset presses

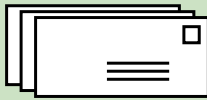

4 graphic designers

Oversized, signs & banners

3 digital presses

In-house mailing services

In-house die cutting

No other printing company in the area can boast this line up of capabilities!

3 EXPERIENCE

The #1 cause of costly printing errors is an inexperienced staff. Don't gamble with your next project. All Phase 3 Graphics employees have spent their entire careers in printing, with an average of 20+ years experience.

5 DISTANCE

Are you taken seriously at an on line, out-of state printer? Do you know and trust the people there with your project? You deserve a local print company who understands your business, has gained your trust and work with you on your project.

6 SERVICE

A well-run printing company, like Phase 3 Graphics, will streamline the entire process, from estimating, ordering, packaging, and invoicing. You shouldn't have to be inconvenienced by an inefficient process.

Buying paper by the pallet helps us keep prices low.

7 COSTS

If your printing company doesn't have the streamlined operations, production capability, and paper buying power that we have, then your project is going to cost more than it should. Don't pay extra for inefficiency.

PHASE 3 GRAPHICS
Professional Printers Since 1975

Ready to try something new? Contact us, and let's start a discussion about your print needs. Remember, we aren't asking to be your ONLY printing company, just one of them.
